Connect With The Next Generation of Business Leaders

Host and Sponsor Events

The collaboration with Young Professionals presents exceptional marketing opportunities within the Swedish-Dutch business community. This includes the ability to host or sponsor events, facilitate knowledge-sharing sessions, and gain prominent visibility through our communication channels. Engaging with this dynamic network provides a platform to connect with emerging business leaders and enhance brand presence.

Mentorship Program

The Mentorship Program connects mentors with ambitious individuals over an eight-month period. It features group workshops, high-level networking, and one-on-one mentoring with senior professionals from the Swedish-Dutch business community. Launched in 2012, the program has enriched over 100 Young Professionals and offers mentors fresh perspectives from young talents to spark creativity and drive innovation.

Talent Acquisition Opportunity

Partnering with Young Professionals provides significant advantages for your company. Access driven talent through targeted events and workshops, enhancing your talent acquisition strategy. Position your company as an attractive employer while facilitating valuable connections and potential collaborations. Additionally, building a community of Young Professionals within your organization fosters ongoing engagement and growth.

Patron Benefit

As a patron, your company receives three complimentary Young Professionals memberships for employees aged 21-36 at no extra cost. In addition, your company will enhance its visibility within the network through prominent recognition and exposure across our events and communications, effectively positioning your brand among industry leaders and emerging talents.
